5. DESCRIPTION

1. All lots (including odometer readings thereon) are sold and purchased 'as seen', and the Sale of Goods Act 1979 (as amended), does not apply. A vehicle sold 'as seen' is sold and purchased for what it is and with all its faults (if any) and without any condition, warranty or other term (whether expressed or implied and whether implied by statute, common law, custom or otherwise) as to the age, description, mileage, (which may not be that shown on the odometer), suitability, fitness for purpose, merchantable quality or roadworthiness of the vehicle.

2. The descriptions of each lot, whether made orally or in the catalogue, are expressions of opinion and not representations of fact. Many lots are of an age and nature which precludes their being in pristine condition and some descriptions make reference to damage and/or restoration. Such information is given for guidance only and the condition of any lot and the nature and extent of any damage and/or restoration should be confirmed by the buyer by examination prior to the sale. All prospective purchasers must satisfy themselves prior to bidding, as to the condition, colour, age and all other matters relating to any lot, and no claims will be accepted in respect of any such matter.

3. Every effort is made to ensure that the lots listed will be available for sale, and offered for sale in order. No responsibility can be accepted by the auctioneers for variations and omissions due to circumstances beyond their control. Neither Barons nor the sellers of any lot will accept responsibility for any misrepresentations, incorrect descriptions, or omissions.

4. In line with the Advertising Standards Association guidelines, the Reserve price will always be within the upper and lower Guide Price figures.
